Mr. Jensen,

Uintah Special Service District holds water rights (#49-1546) on property, located approximately 35 miles south of Ouray, Utah. The legal description listed on the water right application is incorrect, showing the well in the wrong quarter section. Paul Feltch, Uintah County Road Department Superintendent, will verify the location of the well.

The owner of this property, Alameda Ranch, is currently accessing the well on this property. It is the District's intent to maintain current water rights. Therefore, we are asking that the access road to this property remain accessible and not reclaimed as part of the reclamation process currently underway by Geo Kenetics.

Thank you for your assistance in this matter. If you have any further questions, I can be reached at the above phone number.

Sincerely,

Cheri McCurdy
Executive Office Manager
